Psychometric Testing 2017

To maximize the child's education, we prefer that all students undergo psychometric testing. The report gives us guidelines of how to effectively teach the student to best accommodate his/her individual needs.

Should we need to apply for special concessions during the examination, the application can only be done if it is supported by a formal psychometric report.

It is advisable to do the tests as soon as possible as it could make a major difference to the child's school career.

Kindly note: Application for concessions for the Grade 12 National Senior Certificate Examination need to be supported by a report which was compiled in either Grade 10, 11 or 12. Students who were tested at a younger age, will have to be retested.

Student Name: _____

The student has undergone psychometrical testing with a psychologist

YES	NO
-----	----

If yes, please provide us with the following information:

Testing Date: _____

Student's Grade at time of Testing: _____
